SSB 1090: Relating to organ and tissue donation

Study Bill - 1) Directs the director of public health to contract with and recognize the Iowa donor registry to establish and maintain an altruistic living kidney donor registry, and make this information available to organ procurement organizations and transplant hospitals in the state. This registry may eventually be expanded to include other organs. 2) Adds a space on the driver's license application for residents to check whether they would like to be added to the Iowa Donor registry for organ donation after death and requires the DOT to verbally ask if application is done in person.
