

State Policy Tracking: 2009-2010 Session

Wisconsin

SB 466: Related to health plans

Alters a provision to state that any self-insured health plan (state, school district, county/city/village/town) that provides hospital treatment coverage on an expense incurred basis shall provide coverage for hospital inpatient and outpatient kidney disease treatment, which may be limited to dialysis, transplantation and donor-related services, in an amount not less than \$30,000 annually, as defined by the department of health services.

STATUS: Killed in committee
